Hello,

Let me know if you still can't get to it and I will try to troubleshoot – though I just went in and it looks like Jim is editing, so maybe you were able to open it after all?

Also, did you all have a chance to meet today? It looks like Jim C. reviewed the revisions over the weekend (I hope to look at his feedback tomorrow). I'd like to start routing this for concurrence no later than Thursday, so I plan to spend the majority of tomorrow finalizing the document. Please let me know if you have any last minute concerns or issues that I need to be aware of.

Thanks!

Hi Jim,

I left Miranda a voicemail about the sharepoint link not working for us, but then tried a work-around of copying the link and pasting it in my browser manually, and I was able to access the word doc. Give that a try and see if it works any better for you

Subject: Deschutes draft decision document revision

Hello,

Thank you helping with the review of the draft Deschutes TMDL decision document. Your thoughts and comments were very helpful, and I appreciate all of your time and effort with this! I have worked through the comments and made edits to reflect your feedback. I'm sharing the document back out with you so you can check that I sufficiently addressed your concerns, and to make sure there are not any more outstanding high-level concerns with the document. After this point, we will start the management review and concurrence process for issuing our TMDL action.

To simplify this review, I only kept track changes where there were significant content changes (I tried not to keep reorganizational and editorial changes). I also greyed out and/or deleted comments that have been addressed or don't need further attention. I kept comments active where I think it would be a good idea for you to double check that I sufficiently addressed your concerns. I'm asking that you have this review done by next Friday 6/8. Here is the link to the document:
